INCO LIMITED

Liquid Yield Option™ Notes due March 29, 2021 and Common Shares

Issuable Upon Conversion, Special Conversion, Redemption, Purchase or Payment of the LYONs

In accordance with the multijurisdictional disclosure system adopted by the SEC and the provincial securities regulators in Canada, Inco Limited ("Inco") filed a registration statement (the "Shelf Registration Statement") with the Ontario Securities Commission and the United States Securities and Exchange Commission (the "SEC"), which included a short form base shelf prospectus dated May 24, 2001 (the "Prospectus"), in order to register in the United States resales of the LYONs and the common shares issuable upon the conversion, special conversion, redemption, purchase or payment of the LYONs (the "Underlying Shares").

Investing in Inco's common shares or the LYONs involves risks. Please carefully consider the "Risk Factors" section beginning on page 4 of the Prospectus.

The holders of the LYONs and the Underlying Shares (together, the "Registrable Securities") are entitled to the benefits of a registration rights agreement, entered into as of March 29, 2001, between Inco and Merrill Lynch, Pierce, Fenner & Smith Incorporated (the "Registration Rights Agreement"). Under the Registration Rights Agreement, any holder of Registrable Securities wishing to sell Registrable Securities pursuant to the Shelf Registration Statement must deliver a Notice and Questionnaire to Inco at least 5 business days prior to any intended distribution of Registrable Securities under the Shelf Registration Statement (each such holder which has delivered a Notice and Questionnaire is referred to as an "Electing Holder"). Upon receipt of a completed and signed Notice and Questionnaire, Inco has agreed to file such documents as may be required to include the Registrable Securities covered thereby in the Shelf Registration Statement.

Inco is filing this Prospectus Supplement so as to include in the Shelf Registration Statement the Registrable Securities of Electing Holders who have signed, completed and returned a Notice and Questionnaire to Inco after the date of the Prospectus as most recently supplemented. A list of all of the Electing Holders as of the date hereof is attached as Schedule A to this Prospectus Supplement.

EARNINGS COVERAGE

If the offering of the LYONs had been made as of January 1, 2001 and a portion of the proceeds been applied to repay \$100 million of fixed rate indebtedness as of such date, consolidated net earnings before deduction of interest and income and mining taxes of \$277 million for the twelve months ended December 31, 2001 would have been 2.8 times our interest requirement of \$98 million. In the first six months of 2002, the Company recorded a special non-cash asset impairment charge of \$2,415 million. Including this special non-cash asset impairment charge, the net loss before deduction of interest and income and mining taxes of \$2,210 million was not sufficient to cover our interest requirement of \$58 million. Excluding this special non-cash asset impairment charge, consolidated net earnings before deduction of interest and income and mining taxes of \$205 million for the twelve months ended June 30, 2002 would have been 3.5 times our interest requirement of \$58 million. The Company issued its 7 3/4% Notes due 2012 on May 8, 2002. Had the 7 3/4% Notes due 2012 been outstanding as of July 1, 2001, and excluding the special non-cash asset impairment charge of \$2,415 million, consolidated net earnings before deduction of interest and income and mining taxes of \$205 million for the twelve months ended June 30, 2002 would have been 2.4 times our interest requirement of \$85 million. As the proceeds of such offering are treated as equity for Canadian GAAP purposes, our interest requirement does not include the carrying charge associated with the LYONs. Had we accounted for the LYONs as debt and excluded the above-noted special non-cash asset impairment charge, the carrying charge of the LYONs would have been reflected in interest expense and our net earnings before deduction of interest and income and mining taxes would have been 2.5 times our interest requirement for the twelve months ended December 31, 2001 and 2.1 times our interest requirement (including interest on the 7 3/4% Notes due 2012 described above had they been outstanding as of July 1, 2001) for the twelve months ended June 30, 2002.

The information included in this section is based upon financial statements prepared in accordance with Canadian GAAP which differ in certain material respects from U.S. generally accepted accounting principles, or U.S. GAAP. Adjusting for the U.S. GAAP differences, if the offering of the LYONs had been made as of January 1, 2001 and a portion of the proceeds been applied to repay \$100 million of fixed rate indebtedness as of such date, consolidated net earnings before deduction of interest and income and mining taxes of \$251 million for the twelve months ended December 31, 2001 would have been 2.3 times our interest requirement of \$110 million. Including the above-noted special non-cash asset impairment charge which totalled \$3,194 million for U.S. GAAP purposes, the net loss before deduction of interest and income and mining taxes of \$3,013 million was not sufficient to cover our interest requirement of \$70 million. Consolidated net earnings before the special non-cash asset impairment charge, deduction of interest and income and mining taxes of \$181 million for the twelve months ended June 30, 2002 would have been 2.6 times our interest requirement of \$70 million. Had the 7 3/4% Notes due 2012 described above been outstanding as of July 1, 2001, and excluding the special non-cash asset impairment charge of \$3,194 million, consolidated net earnings before deduction of interest and income and mining taxes of \$181 million for the twelve months ended June 30, 2002 would have been 1.9 times our interest requirement of \$97 million. The proceeds of the offering of LYONs are treated as debt for U.S. GAAP purposes. For further information regarding the differences between Canadian GAAP and U.S. GAAP see Note 20 to the consolidated financial statements in our 2001 10-K and Note 12 to our Form 10-Q.
